To whom it may concern,

I have conducted business with Carey and his Mantei Woodcraft team for over 10 years now in my positions, across North America, as Director of Design & Construction with Cineplex Odeon Cinemas, Assistant Vice President Design & Construction with the Sarku Japan restaurant chain, & Vice President Design & Construction with HDS Retail North America, a retail company that owns & operates 57 separate brands of airport & street retail outlets throughout the world.

Mantei have consistently delivered the highest quality products to my projects on schedule & at a highly competitive price. Their design and production personnel continue to be of great assistance in developing customized & standardized modular designs which are beneficial to budget and schedule demands.

It has been a pleasure to deal with Carey's company, & I look forward to a continuing relationship them in future years.

Regards

Rob Hutton
